

Wondering what Animal Assisted Therapy is all about?

Intro. to the Field of AAT Seminars!

These 2 hour educational seminars are designed for anyone who is curious about the field of Animal Assisted Therapy; whether it be in relation to career, volunteer work, as a form of therapy, for an individual in your care, yourself or your clients.

We will highlight the benefits of this unique approach and address important safety considerations. You will have the opportunity to meet the Dreamcatcher animals, observe and participate in AAT demonstrations and ask questions of our staff.

May 24th 2011 1:00pm to 3:00pm

June 28th 2011 1:00pm to 3:00pm

*Please note that we require a minimum of 10 registrants per seminar in order to run them. If the numbers are not met, we will inform you of cancellation and you will have the opportunity to register in the next scheduled seminar.
